4 complete 360 x 360 degree Virtual Tours taken of the home. 360 x 360 means not only can you look in a full circle left and right, but you can also view the ceiling and floor and zoom in and out while viewing. (\$20 for each extra Virtual Tour per home.)	12 wide angle photos will be taken to highlight the rooms you want. These photos are taken with a wide angle lens which broadens the view of the room without making it look distorted. Now you can better see the room instead of the furniture. (\$20 for each additional Picture per home.)	A 1 minute video will be produced to show the important aspects of the home. We will feature your voice talking about each room as it is seen. Again, shot with a wide angle lens for maximum viewing angle. (\$20 for each additional :15 seconds.)
